MEET THE REV.5
(Automated Dessert Decorator)

Full Decoration, 6 Color Machine

The Rev.5 3D Decorator has helped bakeries improve quality, lower costs, and streamline production. With six extruders, the Rev.5 allows for six colors per design.

Ideal For:

Low to medium volume production bakeries

Any type of decorated product

Designs with more than 1 color

Key Features:

- 6 extruders and colors
- Decorate any dessert that fits on a full size sheet tray
- Optional conveyor
- Touch screen interface included
- Create new designs with user friendly design software
- Only 1 person needed to operate the machine
- Vision system included

* Combine multiple machines in a line to scale up production and increase throughput
